PRODUCT INFORMATION SHEET

ISOPROPYL ALCOHOL

SOLVENT CLEANER

DESCRIPTION

Because of its ability to eliminate germs, Isopropyl Alcohol is a great sanitiser for door handles, taps, door touch-plates, and other surfaces that come into contact with people. Ideal for getting rid of "sticky tape" stains, cosmetic smears, fingerprints, and some ink from hard surfaces. It works particularly well for cleaning glass windows and mirrors since it dries quickly and leaves behind a gleaming, streak-free surface.

DIRECTIONS

Sanitising Surfaces: Add 55mls of water to each 100mls of Isopropyl Alcohol.

Window Cleaning: Dilute 1 part to 5 parts water.

Heavy Duty Cleaning: Use as supplied.

Rinse product contacting surfaces with water after use.

Do not mix with any other chemical.

Store in a cool area away from direct sunlight.

SAFETY

WARNING: HIGHLY FLAMMABLE LIQUID AND VAPOUR. CAUSE SERIOUS EYE IRRITATION. MAY CAUSE DROWSINESS OR DIZZINESS.

PREVENTION: Keep away from heat/sparks/open flames/hot surfaces.– No smoking. Keep container tightly closed. Ground/Bond container and receiving equipment. Use explosion-proof electrical equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves/eye protection/face protection.

RESPONSE: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water. In case of fire: Use fine spray, foam, dry agent or alcohol resistant foam for extinction.

STORAGE & DISPOSAL: Store in a well ventilated place. Keep cool. Dispose of contents/container in accordance with local regulations. Intended for industrial and commercial use only. In emergencies call 000. For further information refer to the SDS.
