PRODUCT INFORMATION SHEET

MOUNTAIN FRESH

DEODORANT BLOCKS

DESCRIPTION

Evaporating tablets manufactured from pure para-dichlorobenzene crystals. They are pleasantly perfumed with a slow release rate, which helps continually deodorise areas where odour control is essential.

DIRECTIONS

Simply place deodorising tablets in urinal and leave to evaporate. When size of a tablet has reduced to a size which would risk it to go through the grid into the drain, replace with a new tablet. Because tablets are compressed they are long lasting and do not readily wash away.

Do not mix with any other chemical.

Store in a cool area away from direct sunlight.

AREAS TO USE

Urinals.

FRAGRANCE

Lavender.

SAFETY

**WARNING: SUSPECTED OF CAUSING CANCER.
CAUSES SERIOUS EYE IRRITATION.**

RESPONSE: IF INHALED: Keep victim calm and remove to fresh air if safe to do so. If rapid recovery does not occur, transport to nearest medical facility for additional treatment. May cause headache, dizziness, nausea, vomiting and breathing difficulties. High doses may cause depression of the nervous system. **IF SWALLOWED:** Do NOT induce vomiting. Rinse mouth with water. Transport to nearest medical facility for additional treatment. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. May include headache nausea, vomiting and anaemia. **IF ON SKIN:** Remove contaminated clothing and wash skin thoroughly with water and follow by washing with soap if available. If irritation persists, seek medical attention. May cause burning sensation on prolonged contact with solid.

STORAGE & DISPOSAL: Store locked up. Dispose of contents/container to in accordance with local regulations. Intended for industrial and commercial use only. For further information refer to the SDS. In emergencies call 000.
